whilst particularly useful as a companion to the sixth edition of Giddens's sociology the reader is designed for use independently or alongside other textbooks

The Practical Skeptic: Readings in Sociology includes classic sociological research writings as well as recent pieces on fascinating topics of interest to students. It is the ideal companion to McIntyre's text. The Practical Skeptic: Core Concepts in Sociology or other sociology texts. Readings in this edition challenge students to re-evaluate familiar social arenas: the college classroom, televised sports, restaurants, doctors' offices, and even public restrooms. The readings focus around the essential message that there is much that goes on in the social world that escapes the sociologically untrained eye.

Readings in Urban Sociology covers the specialized aspect of sociology together with an introduction designed to relate the selected readings to the state of sociological knowledge and research in the field in question. This book is organized into four parts encompassing 12 chapters and begins with an overview of the study of urbanization and urban sociology. The opening part describes the nature of industrial urbanism in Great Britain. This part deals with the development of British urban sociology and the idea of neighborhood community. The next part examines the distinction between ways of life in the modern city and the modern suburb. This part also looks into the

context of urbanization involving population dispersal and diffusion the closing parts provide an analysis of the urban system in terms of a conflict model and demonstrate the development of prague s ecological structure these parts also discuss the notion of a rural urban continuum and the process of adjustment to an urban system in africa this book will prove useful to sociologists and researchers

a resounding best seller in the first edition a series of classic articles written by key sociologists that will compliment any introductory sociology textbook this reader serves as a foundation where students can read original works that teach the fundamentals ideas of sociology priced right as a stand alone and free when bundled with our introductory texts this brief reader is a convenient and painless way to bring the great thinkers to your students
