the second volume in Gordon Rhea's peerless five book series on the Civil War's 1864 overland campaign abounds with Rhea's signature detail, innovative analysis, and riveting prose. Here Rhea examines the maneuvers and battles from May 7, 1864, when Grant left the wilderness through May 12, when his attempt to break Lee's line by frontal assault reached a chilling climax at what is now called the bloody angle, drawing exhaustively upon previously untapped materials. Rhea challenges conventional wisdom about this violent clash of titans to construct the ultimate account of Grant and Lee at Spotsylvania.

This WWII illustrated history examines the 1944 Allied attack on Italy with archival combat images paired with photos of the terrain today. The battles for Monte Cassino, a vital stronghold on the road to Rome, encompassed one of the few truly international conflicts of the Second World War. The fighting lasted four months and cost the lives of more than 14,000 men from eight nations. Between January and May 1944, forces from Britain, Canada, France, India, New Zealand, Poland, and the United States fought a resolute German army in a series of battles in which the advantage swung from one side to the other. From firefights in the mountains to tank attacks in the valley, from river crossings to street fighting, the four battles of Cassino encompass a series of individual operations unique in the history of the Second World War. This richly illustrated volume narrates the campaign through a fascinating series of then and now comparisons, juxtaposing combat photos with modern images of the same beaches, mountains, and streets where the fighting took place.

The story of Allied victory in the Holy Land, far from the carnage of the Western Front, but a crucial morale-boosting success under the aggressive and forward-thinking General Allenby. Three battles for the control of the key fortress city of Gaza took place in 1917 between the British force with units from across the Empire, most notably the ANZACs and the Turks. The Allies were repulsed twice.

but on their third attempt under the newly appointed general Allenby a veteran of the western front where he was a vocal critic of Haig's command finally penetrated Turkish lines captured southern Palestine and as instructed by Lloyd George took Jerusalem in time for Christmas ending 400 years of Ottoman occupation this third battle similar in many ways to the contemporaneous fighting in France is at the heart of this account with consideration of intelligence espionage air warfare and diplomatic and political elements not to mention the logistical and medical aspects of the campaign particularly water the generally overlooked Turkish defence in the face of vastly superior numbers is also assessed far from laying out and executing a pre-ordained plan Allenby who is probably still best remembered as T. E. Lawrence's commanding officer in Arabia was flexible and adaptable responding to developments as they occurred John D. Grainger is the author of numerous books on military history ranging from the Roman period to the twentieth century

this volume offers detailed information about the Red Army's preparation for and conduct of the battle of Kursk the nature of the war on the German eastern front and on the range of horrors that have characterized warfare in the 20th century
